The Tropical Agriculturist

The Agricultural Journal of Ceylon

Founded 1881

Published by
The Department of Agriculture,
Peradeniya

Vol. LXXXIX

Containing Numbers 1 to 6,
July to December, 1937

INDEX

Volume LXXXIX July to December, 1937

Number	Month	Pages
1	July	1-60
2	August	61-124
3	September	125-190
4	October	191-254
5	November	255-324
6	December	325-403

A

Aden Cattle for the dry zone, 53
Adlay (*Coix Lachryma-Jobi* Linn.), 160
Alysicarpus vaginalis, 171
Amani Research Station, the first ten years of the, 42
Amarantus sp., 172, 289
Amherstia nobilis, 29
An ant-proof support for bee hives, 373
Animal disease returns, 58, 123, 189, 252, 322, 402
Atmospheric humidity, 68

B

Bacterium betle, 282
Baling of straw, 148
Banana diseases, 50
Beans and peas, 32
Bee hives, ant-proof support for, 373
Bee-keeping, 186
Beet-root, 34
Betel vine in the Northern Province, 281
  soils, 285
  systems of cultivation, 285, 287
  crop rotation, 287, 289
  planting, 289, 291, 292
  irrigation, 292
  manuring, 292, 294
  pruning, 294, 296
  picking, 296, 297
  grading, 297, 298

B

Blossom-end rot of tomatoes, 141
Blossom-end rot of tomato fruits, 220
Boga medeloa, 138
Borer, soil, for rapid sampling particularly on heavy soils, 359
Botany, promise of modern, through plant protection for man's welfare, 98
Botryodiplodia theobromae, 381
Brachyaema palpigera, 31
Breadfruit (*Artocarpus incisa*), 34

C

Cabbage, 34, 35
Calves, rearing of, 217
Capsicum annuum, 154
  var. *acuminatum*, 154
  var. *longum*, 155
  var. grossum, 156
Capsicum frutescens, 156
Capsid bug (*Lygus viridanus*) on salvia, 336
Carrots, 37, 38
Cassia grandis, 28
Cattle and soil fertility, 198
Cattle breeding—the service of cows, 375
Cauliflower, 34, 35, 36
Celery, 38, 39, 40, 41
Central Board of Agriculture, 255, 388
Cercospora capsici, 157
Cercospora musae Zimm, 50
Ceylon grasslands, 209

INDEX

C

Ceylon's livestock industry, 193

Chillies, 154

nursery, 157, 158

transplanting, 158

intercultivation, 158

picking, 158

curing, 159

yield, 159

Cigarette tobacco seed beds, the preparation, sowing and care of, 163

Coconut industry

World oil and fat markets, 222

vegetable oils, 223

animal oils, 223

coconut oil in margarine, 224

coconut oil in soap, 225

world production of coconut oil, 227

coconut industry, 229

Indian market, 235

Coconut industry, some economic aspects of the, 222

Coconut oil, edible

refining processes, 271, 272

domestic preparation in Ceylon, 272, 273, 274

manufacture from fresh kernels rapidly dried, 274

econimc consideration, 278

vitamins, 278

keeping qualities, 279

Coconut Research Scheme, Ceylon, minutes, Board of, 54, 248, 398

Coconuts, experimental error in field experiments with, 75

Coconuts, manurial experiment on, 63

Coffee, types of Robusta and their selection in Uganda, 93

Coix Lachryma-Jobi Linn., 160

Coleus parviflorus, 171

Colocasia yams, 352

Conservation of the soil, 167, 238

Correspondence, 53, 186, 317

Cotton cultivation in the Hambantota district during 1936-1937 crop season, 361

Cotton in Ceylon, manurial trials with, 8, 14, 20

Cotton purchase 1937, 362

Couroupita guianensis, 28

Cows, the service of, 375

Crotalaria anagyroides, 138

striata, 138

C

Cultivation and preparation of ginger and turmeric, 350

D

Delonix (*Poinciana*) *regia*, 28

Departmental notes, 27, 30, 86, 89, 148, 154, 160, 163, 167, 209, 216, 220, 361, 367, 369, 373, 375, 381

Desmodium triflorum, 171

Dioscorea yams, 352

Diplodia natalensis Ev., 382

cacaoicola Hm., 382

Dysdercus cingulatus, 16

E

Earias spp., 16

Edible coconut oil, 270

Editorial, 1, 61, 125, 191, 255, 325

Effect of selection on the age of pure-line paddy, 71

Effect of stage of maturity and manuring on the composition of Napier grass, 264

Eleusine Coracana Gaertn., 291

Erythrina indica Lam., 281, 282, 287

Experimental error in field experiments with coconuts, 75

F

Farmyard manure, 203

Ficus religiosa, 28

First ten years of the Amani Research Station, 42

Fomes and other root diseases in replanted rubber areas, method of controlling, 135

Fomes noxius, 135

Food, quality of, from the agricultural point of view, 240

Fruit Committee, the (Editorial), 1

Fruit growing: principal obstacles and difficulties, 327

Fruits and vegetables, tropical, storage and transport of, 32, 301

Fungicidal sprays, 87

G

Ginger, planting, 352

harvesting, 352

cost of cultivation, 354

curing, 355

the seed treatment of, 3

Granadilla, 314

Grapefruit, 299

Grasses, pasture, 209

INDEX

H

Hibiscus esculentus, 301

Humidity, atmospheric, 68

I

Improvement of livestock, 125

Irpex subvinosus, 138, 139

K

Kekilla (fernlands), 92

Keppitiya (*Croton lacciferus*), 157

L

Lagerstroemia Flos-reginae (S. *muruta*), 28

Land everlasting, 238

Leptocorisa varicornis, 344

Leucaena glauca, 170

Livestock, improvement of, 125

Livestock improvement in India, 175

Livestock industry, Ceylon's, 193

Losses of sulphate of ammonia during rain, 127

M

Madhuca longifolia, 155

Mangoes, soft rot of stored (*Botryodiplodia theobromae* Pat.), 381

Manurial experiment on coconuts, 63

Manurial trials with cotton in Ceylon, 8, 14, 20

McCormick-Deering motor hay press, 148

Mercuric chloride treatment of seed ginger, 3

Meteorological reports, 59, 124, 190, 253, 323

Method of controlling *Fomes* and other root diseases in replanted rubber areas, 135

Mimusops Elengi, 29

Minutes of Board of Coconut Research Scheme of Ceylon, 54, 248, 398

Minutes of Board of Rubber Research Scheme of Ceylon, 118, 187

Minutes of Board of Tea Research Institute of Ceylon, 115

Monodora tenuifolia, 29

Moringa oleifera, 281

Napier grass (*Pennisetum purpureum*) trials with, 257

Effect of stage of maturity and manuring on the composition of, 264

N

Note Book of Tropical Agriculture, 320

Note on a soft rot of stored mangoes caused by *Botryodiplodia theobromae* Pat., 381

N

Note on the occurrence of blossom-end rot of tomatoes at Anuradhapura, 1937, 141

Notes on orchids cultivated in Ceylon, *Vanda coerulea* Griff., 25

Notes on village cotton cultivation in the Hambantota district during 1936-37 crop season, 361

Nutrition, 61

O

Oil, coconut, edible, 270

Onions, 302

Ourselves, 191

P

Pachchaiperumal paddy, dry cultivation of, 339, 344, 347, 348, 349

Paddy, mud, trials with under irrigated conditions, 339

Panicum miliaceum, 287

Papaw, 308

Passion fruit, 312

Patana grazing grounds, 209

Patana (grasslands), 92

Pennisetum purpureum, 257, 264

Phaseolus lunatus, 33

Phaseolus vulgaris, 32

Physalospora rhodina, 382

Pisum sativum, 33

Plant protection, 98

Poria hypobrunnea, 135

Preparation, sowing and care of cigarette tobacco seed beds, 163

Principles underlying spraying for the control of plant diseases, 86

Promise of modern botany for man's welfare through plant protection, 98

Psidium guajava Linn., 291

Pure-line paddy, effect of selection on the age of, 71

Q

Quality in food from the agricultural point of view, 240

R

Rearing of calves, 216

Replanting of the archaelogical reserve at Polonnaruwa, 317

Reports, meteorological, 59, 124, 190, 253, 323, 403

Returns, animal disease, 58, 124, 189, 252, 322, 402

Reviews, 320, 401

INDEX

R

Rhizoctonia solani, 3, 282

Robusta coffee and their selection in Uganda, types of, 93

Rothamsted Experimental Station Report, 1936 (Review), 401

Rubber Research Scheme, Ceylon minutes of Board of, 118, 187

Rubber root disease, control of, 135

S

Salt licks in Sabaragamuwa, 369

Salvia (pseudo) coccinia, disease of, 336

Salvia splendens, disease of, 336, 338

Salvias, disease of, 335

Sclerotium rolfsii Sacc., 3, 7, 138

Seed treatment of ginger, 3

Sesbania grandiflora Pers., 287

Setaria italica Beauv., 287

Soil-Borer for rapid sampling, particularly on heavy soils,-359

Soil, conservation of the, 167, 235

Soil deterioration and land tenure (Editorial), 325

Soils of Ceylon, 89

Some economic aspects of the coconut industry, 222

Spraying, the control of plant diseases, principles underlying, 86

Straw, baling of, 148

Sulphate of ammonia, losses of, during rain, 127

Sylepta derogata, 16, 21

T

Tabebuia rosea, 28

Tea Research Institute of Ceylon, Minutes of Board, 115

Temperatures, underground, at Colombo Observatory, 206

Tephrosia beetle (*Araecerus fasciculatus*, 31

Tephrosia purpurea Pers., 30, 31

Tephrosia villosa Pers. as a green manure for the dry zone, 30

Tephrosia Vogelli, 138

Thespesia populnea Linn., 294

Tobacco, cigarette, nurseries, 163

Tomato fruits, blossom-end rot of, 220

Tomatoes, blossom-end rot of, 141

Treculia africana, 28

Trees : memorial and historical, 27

Trials with mud paddy under unirrigated conditions, 339

T

Trials with Napier grass (*Pennisetum purpureum*), 257

Tropical fruits and vegetables, storage and transport of, 32, 301

Turmeric, preparation for the market, 356, 358

U

Underground temperatures at Colombo Observatory, 206

Ustulina zonata, 135

V

Vanda coerulea Griff., 25

Vellai Illankalayan paddy, dry cultivation of, 339, 347, 348, 349

Vitex Negundo Linn., 291

Z

Zeuzera coffeae, 16

ILLUSTRATIONS APPEARING IN NOS. 1-6, VOL. LXXXIX

Facing Page

Vanda coerulea Griff. (Orchid) 25

The Great Circle 27

Plot size in relation to standard error (graph) 76

Run-off experiment No. 1—Plots on hard cabook (Plate I) 128

Run-off experiment No. 2—Plots on forked rubber land (Plate II) .. 132

Run-off experiment No. 3—Plots on forked rubber land (Plate III) .. 133

The relation between blossom-end rot of tomatoes and rainfall (Diagram) .. 145

McCormick-Deering motor hay press (Fig. I) 148

Blossom-end rot of tomatoes (Surface view and section of diseased fruit) .. 220

Soil-erosion—a warning 238

The Maviddupuram system (Fig. I) .. 282

The Sillalai system (Fig. II) 285

The Mannar system (Fig. III) 287
